Beautiful Boy David Sheff 2018-01-11 THE NUMBER ONE NEW YORK TIMES BESTSELLER NOW A MAJOR FILM, STARRING STEVE CARELL AND BAFTA AND GOLDEN GLOBE NOMINATED TIMOTHEE CHALAMET 'What had happened to my beautiful boy? To our family? What did I do wrong?' Those are the wrenching questions that haunted every moment of David Sheff's journey through his son Nic's addiction to drugs and tentative steps toward recovery. Before Nic Sheff became addicted to crystal meth, he was a charming boy, joyous and funny, a varsity athlete and honor student adored by his two younger siblings. After meth, he was a trembling wraith who lied, stole, and lived on the streets. With haunting candour, David Sheff traces the first subtle warning signs: the denial, the 3am phone calls (is it Nic? the police? the hospital?), the attempts at rehab. His preoccupation with Nic became an addiction in itself, and the obsessive worry and stress took a tremendous toll. But as a journalist, he instinctively researched every avenue of treatment that might save his son and refused to give up on Nic. This story is a first: a teenager's addiction from the parent's point of view – a real-time chronicle of the shocking descent into substance abuse and the gradual emergence into hope. *Beautiful Boy* is a fiercely candid memoir that brings immediacy to the emotional rollercoaster of loving a child who seems beyond help. Read the other side of Nic Sheff's bestselling memoir, *Tweak*. Praise for *Beautiful Boy*:- 'A brilliant, harrowing, heartbreaking, fascinating story, full of beautiful moments and hard-won wisdom. This book will save a lot of lives and heal a lot of hearts'. Anne Lamott 'An important book... moving, timely and startlingly beautiful.' Richard Branson

Britt-Marie Was Here Fredrik Backman 2016-05-03 The number 1 European bestseller by the author of New York Times bestseller and international phenomenon *A Man Called Ove*, *Britt-Marie was Here* is a funny, poignant and uplifting tale of love, community, and second chances. For as long as anyone can remember, Britt-Marie has been an acquired taste. It's not that she's judgemental, or fussy, or difficult - she just expects things to be done in a certain way. A cutlery drawer should be arranged in the right order, for example (forks, knives, then spoons). We're not animals, are we? But behind the passive-aggressive, socially awkward, absurdly pedantic busybody is a woman who has more imagination, bigger dreams and a warmer heart than anyone around her realizes. So when Britt-Marie finds

herself unemployed, separated from her husband of 20 years, left to fend for herself in the miserable provincial backwater that is Borg - of which the kindest thing one can say is that it has a road going through it - and somehow tasked with running the local football team, she is a little unprepared. But she will learn that life may have more to offer her than she's ever realised, and love might be found in the most unexpected of places.

Strung Out Erin Khar 2020-02-25 "This is a story she needed to tell; and the rest of the country needs to listen." — New York Times Book Review "This vital memoir will change how we look at the opioid crisis and how the media talks about it. A deeply moving and emotional read, *STRUNG OUT* challenges our preconceived ideas of what addiction looks like." —Stephanie Land, New York Times bestselling author of *Maid* In this deeply personal and illuminating memoir about her fifteen-year struggle with heroin, Khar sheds profound light on the opioid crisis and gives a voice to the over two million people in America currently battling with this addiction. Growing up in LA, Erin Khar hid behind a picture-perfect childhood filled with excellent grades, a popular group of friends and horseback riding. After first experimenting with her grandmother's expired painkillers, Khar started using heroin when she was thirteen. The drug allowed her to escape from pressures to be perfect and suppress all the heavy feelings she couldn't understand. This fiercely honest memoir explores how heroin shaped every aspect of her life for the next fifteen years and details the various lies she told herself, and others, about her drug use. With enormous heart and wisdom, she shows how the shame and stigma surrounding addiction, which fuels denial and deceit, is so often what keeps addicts from getting help. There is no one path to recovery, and for Khar, it was in motherhood that she found the inner strength and self-forgiveness to quit heroin and fight for her life. *Strung Out* is a life-affirming story of resilience while also a gripping investigation into the psychology of addiction and why people turn to opioids in the first place.

The Memoirs of a Beautiful Boy Robert Leleux 2008-01-08 In the Dear John letter Daddy left for Mother and me, on a Saturday afternoon in early June 1996, on the inlaid Florentine table in the front entry of our house, which we found that night upon returning from a day spent in the crème-colored light of Neiman's, Daddy wrote that he was leaving us because Mother was crazy, and because she'd driven me crazy in a way that perfectly suited her own insanity. In a memoir studded with delicious lines and unforgettable set pieces, Robert Leleux describes his East Texas boyhood and coming of age under the tutelage of his eccentric, bewigged, flamboyant, and knowing mother. Left high and dry by Daddy and living on their in-laws' horse ranch in a white-pillared house they can't afford, Robert and Mother find themselves chronically low on cash. Soon they are forced into more modest quarters,

and as a teenaged Robert watches with hilarity and horror, Mother begins a desperate regimen of makeovers, extreme plastic surgeries, and finally hairpiece epoxies---all calculated to secure a new, wealthy husband. Mother's strategy takes her, with Robert in tow, from the glamorous environs of the Neiman Marcus beauty salon to questionable surgery offices and finally to a storefront clinic on the wrong side of Houston. Meanwhile, Robert begins his own journey away from Mother and through the local theater's world of miscast hopefuls and thwarted ambitions---and into a romance that surprises absolutely no one but himself. Written with a warmth and a wicked sense of fun that lighten even the most awful circumstances, *The Memoirs of a Beautiful Boy* is a sparkling debut.

Bodies In Motion and At Rest Thomas Lynch 2011-07-31 The facts of life and death remain the same. We live and die, we love and grieve, we breed and disappear. And between these existential gravities, we search for meaning, save our memories, leave a record for those who will remember us.'So writes Thomas Lynch in *Bodies in Motion and at Rest* - the second collection of essays by the award-winning author of *The Undertaking*. As poet and funeral director, Lynch examines the relations between the literary and the mortuary arts - the connection between obsequies and prosodies; the effort to give voice to unspeakable things: great love, great heartbreak, great wonder, great pain; how icons, metaphors and ritualised speech are engaged in poems and in funerals. The essays assembled here explore a species at the intersection of millennia, beleaguered by choices and changes, encumbered by merger and acquisition, numbed by maths and technologies, in search of the meaning of Life and Time, our lives and times. In an age that seeks to define human experience in retail, high-tech or pop-psyche terms, these wise, exquisite essays explore the distance between birth and death, the condition of the human being and the state of ceasing to be.

Note Found in a Bottle Susan Cheever 2000 The author recounts the influence of alcohol on her life, her relationships, and her writing.

Chasing the High Kyle Keegan 2008-03-04 Kyle Keegan was like many teenagers: eager to fit in at school, he experimented with alcohol and drugs. Soon, his abuse of these substances surpassed experimentation and became a ruthless addiction to heroin that nearly destroyed his life. Now in recovery, Keegan tells his remarkable story in Chasing the High. Starting with the early days of alcohol and drug use, Keegan charts his decline into crime and homelessness as his need for heroin surpassed all thoughts of family and friends, of right and wrong. He then goes on to use these experiences to offer guidance and practical advice to other young people who may be struggling with substance abuse. In straightforward, easy-to-understand language and along with the psychiatric expertise of Howard Moss, MD, Keegan discusses what is known about the neurobiology of addiction in young people, how to seek treatment, and how to get the most out of professional help. He also covers such topics as which therapies are used to combat addiction, how to talk to family and friends about substance abuse, and how to navigate risky situations. Both an absorbing memoir and a useful resource for young people. Part of the Adolescent Mental

Health Initiative series of books written specifically for teens and young adults, *Chasing the High* is at once both an absorbing memoir and a useful resource. America Anonymous Benoit Denizet-Lewis 2009-01-06 *America Anonymous* is the unforgettable story of eight men and women from around the country -- including a grandmother, a college student, a bodybuilder, and a housewife -- struggling with addictions. For nearly three years, acclaimed journalist Benoit Denizet-Lewis immersed himself in their lives as they battled drug and alcohol abuse, overeating, and compulsive gambling and sexuality. Alternating with their stories is Denizet-Lewis's candid account of his own recovery from sexual addiction and his compelling examination of our culture of addiction, where we obsessively search for new and innovative ways to escape the reality of the present moment and make ourselves feel "better." Addiction is arguably this country's biggest public-health crisis, triggering and exacerbating many of our most pressing social problems (crime, poverty, skyrocketing health-care costs, and childhood abuse and neglect). But while cancer and AIDS survivors have taken to the streets -- and to the halls of Congress -- demanding to be counted, millions of addicts with successful long-term recovery talk only to each other in the confines of anonymous Twelve Step meetings. (A notable exception is the addicted celebrity, who often enters and exits rehab with great fanfare.) Through the riveting stories of Americans in various stages of recovery and relapse, Denizet-Lewis shines a spotlight on

our most misunderstood health problem (is addiction a brain disease? A spiritual malady? A moral failing?) and breaks through the shame and denial that still shape our cultural understanding of it -- and hamper our ability to treat it. Are Americans more addicted than people in other countries, or does it just seem that way? Can food or sex be as addictive as alcohol and drugs? And will we ever be able to treat addiction with a pill? These are just a few of the questions Denizet-Lewis explores during his remarkable journey inside the lives of men and women struggling to become, or stay, sober. As the addicts in this book stumble, fall, and try again to make a different and better life, Denizet-Lewis records their struggles -- and his own -- with honesty and empathy.

Sometimes Amazing Things Happen Elizabeth Ford 2017-04-25 From the Executive Director of Mental Health for Correctional Services in New York City, comes a revelatory and deeply compassionate memoir that takes readers inside Bellevue, and brings to life the world—the system, the staff, and the haunting cases—that shaped one young psychiatrist as she learned how to doctor and how to love. Elizabeth Ford went through medical school unsure of where she belonged. It wasn't until she did her psychiatry rotation that she found her calling—to care for one of the most vulnerable populations of mentally ill people, the inmates of New York's jails, including Rikers Island, who are so sick that they are sent to the Bellevue Hospital Prison Ward for care. These men were broken, unloved, without resources or support, and very ill. They could be violent, unpredictable, but they could also be funny and tender and needy. Mostly, they were human and they awakened in Ford a boundless compassion. Her patients made her a great doctor and a better person and, as she treated these men, she learned about doctoring, about nurturing, about parenting, and about love. While Ford was a psychiatrist at Bellevue she becomes a wife and a mother. In her book she shares her struggles to balance her life and her work, to care for her children and her patients, and to maintain the empathy that is essential to her practice—all in the face of a jaded institution, an exhausting workload, and the deeply emotionally taxing nature of her work. Ford brings humor, grace, and humanity to the lives of the patients in her care and in beautifully rendered prose illuminates the inner workings (and failings) of our mental health system, our justice system, and the prison system.

The Horse Boy Rupert Isaacson 2009-04-14 When his son Rowan was diagnosed with autism, Rupert Isaacson was devastated, afraid he might never be able to communicate with his child. But when Isaacson, a lifelong horseman, rode their neighbor's horse with Rowan, Rowan improved immeasurably. He was struck with a crazy idea: why not take Rowan to Mongolia, the one place in the world where horses and shamanic healing intersected? The Horse Boy is the dramatic and heartwarming story of that impossible adventure. In Mongolia, the family found undreamed of landscapes and people, unbearable setbacks, and advances beyond their wildest dreams. This is a deeply moving, truly one-of-a-kind story -- of a family willing to go to the ends of the earth to help their son, and of a boy learning to connect with the world for the first time.

Beautiful Boy David Sheff 2008-02 David Sheff's story is a first: a teenager's addiction from the parent's point of view -- a real-time chronicle of the shocking descent into substance abuse and the gradual emergence into hope. Before meth, Sheff's son Nic was a varsity athlete, honor student, and award-winning journalist. After meth, he was a trembling wraith who stole money from his eight-year-old brother and lived on the streets. With haunting candour, Sheff traces the first subtle warning signs, the denial (by both child and parents),

the three a.m. phone calls (is it Nic? the police? the hospital?), the attempts at rehab, and, at last, the way past addiction. He shows us that whatever an addict's fate, the rest of the family must care for one another too, lest they become addicted to addiction.

The Bitter Taste of Dying Jason Smith 2015-07-06 In his first book, author Jason Smith explores the depravity and desperation required to maintain an opiate addiction so fierce, he finds himself jumping continents to avoid jail time and learns the hard way that some demons cannot be outrun. While teaching in Europe, he meets a prostitute who secures drugs for him at the dangerous price of helping out the Russian mafia; in China, he gets his Percocet and Xanax fix but terrifies a crowd of children and parents at his job in the process; and in Mexico, Smith thought a Tijuana jail cell would be the perfect place to kick his Fentanyl habit, but soon realizes that the power of addiction is stronger than his desire to escape it. The Bitter Taste of Dying paints a portrait of the modern day drug addict with clarity and refreshing honesty. With a gritty mixture of self-deprecation and light-hearted confessional, Smith's memoir deftly describes the journey into the harrowing depths of addiction and demonstrates the experience of finally being released from it. "Jason is a great writer who's clearly done the life-destroying research that I can relate to. This is the voice of a new generation of drug addicts." - Jerry Stahl, NY Times bestselling author of Permanent Midnight and Happy Mutant Baby Pills

Defining Moments Bradley V. DeHaven 2011-01-29 The book is a true story about a father's

blind devotion to his Oxy addicted son, chronicling the author's venture into the dangerous world of prescription drug dealers. "I make many mistakes as a father, but I have always tried the best I know how. Sometimes no matter what a person does as a parent, children may travel to dangerous places. Some will return from those places unharmed and some may never return. A family can look perfect from the outside but be quite the opposite on the inside. I have lived such a life. I do not know what made me do what I did for my son but I can only surmise that it was a combination of all of the defining moments in my life that lead me to where I am today."
