The Personal MBA 10th Anniversary Edition Josh Kaufman 2020-09-01 The 10th anniversary edition of the bestselling foundational business training manual for ambitious readers, featuring new concepts and mental models: updated, expanded, and revised. Many people assume they need to attend business school to learn how to build a successful business or advance in their career. That's not true. The vast majority of modern business practice requires little more than common sense, simple arithmetic, and knowledge of a few very important ideas and principles. The Personal MBA 10th Anniversary Edition provides a clear overview of the essentials of every major business topic: entrepreneurship, product development, marketing, sales, negotiation, accounting, finance, productivity, communication, psychology, leadership, systems design, analysis, and operations management...all in one comprehensive volume. Inside you'll learn concepts such as: The 5 Parts of Every Business: You can understand and improve any business, large or small, by focusing on five fundamental topics. The 12 Forms of Value: Products and services are only two of the twelve ways you can create value for your customers. 4 Methods to Increase Revenue: There are only four ways for a business to bring in more money. Do you know what they are? Business degrees are often a poor investment, but business skills are always useful, no matter how you acquire them. The Personal MBA will help you do great work, make good decisions, and take full advantage of your skills, abilities, and available opportunities--no matter what you do (or would like to do) for a living.

Marketing For Dummies Jeanette McMurtry 2017-05-18 The classic, bestselling marketing guide, updated for the digital era Marketing For Dummies, 5th Edition is the ultimate handbook for boosting your business. Whether you're a small mom-and-pop shop, a local nonprofit, or a mid-size business looking to grow, the right marketing approach can make your company or organization stand out from the crowd. This book shows you how to find, reach, and engage with your customers in a way that brings in business. This new edition, updated to align with the latest marketing revolution, introduces you to essential techniques including search engine, guerilla, global, and behavior marketing. You'll learn where to find your people, and how to give them what they want—how they want it—using behavioral techniques. You'll discover inexpensive online marketing and promotion tools, proving that budget doesn't have to be an insurmountable obstacle. You'll find up-to-date marketing plans, resources, and examples throughout to help you get out there and get your business noticed today! Today's marketing treats every aspect of customer interaction—including customer service and the product itself—as an opportunity to grow. This book shows you how to harness the power of these techniques to drive traffic, boost sales, and move your business forward. Turn web visibility into real-world traffic and sales Reach the right people at the right time Develop a cohesive marketing plan for any budget Source locally, market dynamically, and connect with your community Whether you're looking for fundamental marketing skills, seeking guidance on social media and analytics, or need a full-blown comprehensive web marketing strategy, this book has you covered. Marketing For Dummies, 5th Edition helps you open the door to a new, more successful phase of business.

The 30 Day MBA Colin Barrow 2019-01-03 If you want to accelerate your career development and transform your skillset, but without the price tag and two-year commitment of the MBA, this is the book for you. The 30 Day MBA covers the 12 core disciplines of business: accounting, finance, marketing, organizational behaviour, business history, business law, economics, entrepreneurship, ethics and social responsibility, operations management, research and analysis and strategy. It provides the tools and techniques you need to seize business opportunities and implement strategies successfully. Complex concepts are explained in simple and practical terms, helping you to apply high level concepts to the real-life world of business. The 30 Day MBA also contains insightful case studies from leading organizations including IKEA, Cisco, Cobra Beer, Heinz, Shell, Hotel Chocolat and Chilango, to help keep you right up-to-the-minute with current trends and inspire you to explore new concepts. This book equips you with essential hard knowledge, but also helps you understand how business and current thinking is shifting in today's turbulent global markets, and broadens your mind with the knowledge and confidence to excel in a competitive career.

NFTs For Dummies Tiana Laurence 2021-12-21 Get a grip on NFTs and learn how to get in the game It's not often that a brand-new investment comes along that revolutionizes how we buy and sell digital assets. But that's what non-fungible tokens (NFTs) did. Built on blockchain tech, NFTs are shaking up the world of digital commodity investing. And you can get your slice of the pie before everyone jumps into the arena. In NFTs For Dummies, you'll find straightforward answers to critical aspects of the NFT phenomenon. You'll learn exactly what non-fungible tokens really are, how you can find them, and even how to create your own valuable NFTs. You'll also discover: How to find reliable and safe NFT marketplaces where you can be sure you're dealing with reputable buyers and sellers A peek behind the NFT curtain to see how NFTs work and what, exactly, you own when you buy or make an NFT Discussions of the kinds of digital properties that can be converted into an NFT Perfect for anyone who wants to learn about the market for buying, selling, and creating crypto collectibles, NFTs For Dummies is the only resource you'll need to get a handle on this cutting-edge tech and start making it work for you.

Virtualization For Dummies Bernard Golden 2011-02-04 Virtualization has become a "megatrend"—and for good reason. Implementing virtualization allows for more efficient utilization of network server capacity, simpler storage administration, reduced energy costs, and better use of corporate capital. In other words: virtualization helps you save money, energy, and space. Not bad, huh? If you're thinking about "going virtual" but have the feeling everyone else in the world understands exactly what that means while you're still virtually in the dark, take heart. Virtualization for Dummies gives you a thorough introduction to this hot topic and helps you evaluate if making the switch to a virtual environment is right for you. This fun and friendly guide starts with a detailed overview of exactly what virtualization is and exactly how it works, and then takes you on a tour of the benefits of a virtualized environment, such as added space in overcrowded data centers, lower operations costs through more efficient infrastructure administration, and reduced energy costs through server consolidation. Next, you'll get step-by-step guidance on how to: Perform a server virtualization cost versus benefit analysis Weigh server virtualization options Choose hardware for your server virtualization project Create a virtualized software environment Migrate to—and manage—your new virtualized environment Whether you're an IT manager looking to sell the idea to your boss, or just want to learn more about how to create, migrate to, and successfully manage a virtualized environment, Virtualization for Dummies is your go-to guide for virtually everything you need to know.

Business Development For Dummies Anna Kennedy 2015-04-20 Growing a small business requires more than just sales Business Development For Dummies helps maximise the growth of small- or medium-sized businesses, with a step-by-step model for business development designed specifically for B2B or B2C service firms. By mapping business development to customer life cycle, this book helps owners and managers ensure a focus on growth through effective customer nurturing and management. It's not just sales! In-depth coverage also includes strategy, marketing, client management, and partnerships/alliances, helping you develop robust business practices that can be used every day. You'll learn how to structure, organise, and execute an effective development plan, with step-by-step expert guidance. Realising that you can't just "hire a sales guy" and expect immediate results is one of the toughest lessons small business CEOs have to learn. Developing a business is about more than just gaining customers – it's about integrating every facet of your business in an overarching strategy that continually works toward growth.

Business Development For Dummies provides a model, and teaches you what you need to know to make it work for your business. Learn the core concepts of business development, and how it differs from sales Build a practical, step-by-step business development strategy Incorporate marketing, sales, and customer management in general planning Develop and implement a growth-enhancing partnership strategy Recognising that business development is much more than just sales is the first important step to sustained growth. Development should be daily – not just when business starts to tail off, or you fall into a cycle of growth and regression. Plan for growth, and make it stick – Business Development For Dummies shows you how.

There's no question that bookkeepers must be detail-oriented, meticulous, and accurate. Bookkeeping For Dummies shows you how to keep track of your business's financial well-being and ensure future success!

The Visual MBA Jason Barron 2019-05-02 Learn an entire MBA course without spending thousands and waving goodbye to two years of your life. If you want to succeed in business then an MBA programme is the best way to build expertise, knowledge and experience. But an MBA programme at any top school is an enormous investment in time, effort and money. In The Visual MBA, Jason Barron offers a radical solution, explaining all key business school concepts through illustrations. When Barron started his MBA course, he decided to draw all his notes so that other people could benefit from them. And it's a good thing he did, because research shows that more than 65% of us are visual learners and that our brains process illustrations 60,000 times faster than text. From Marketing, Ethics and Accounting to Organisational Behaviour, Finance, Operations and Strategy, The Visual MBA distils the most important principles of an MBA into an accessible, informative and easily-digestible guide. Jason Barron is a product manager and illustrator who helps people realise their creative ideas through visual learning. He spent 516 hours in class and countless hours studying at home completing his MBA. Along the way, rather than taking notes that he would never read again, Jason created sketchnotes for each class and has turned them into an interesting and engaging resource so that you don't have to sit through another class again!
