Fixing and Flipping Real Estate Marty Boardman 2014-03-01 Let's face it—fixing and flipping

houses is sexy. Who doesn't love the idea of buying a rundown, mold-infested shack and transforming it into someone's dream home for massive profits? Reality TV shows make it look so easy. A little paint here, some new kitchen cabinets there, and presto! The house is sold for big bucks and everyone lives happily ever after. If only it were that simple. Fixing and flipping houses is a business. In order for a business to survive, prosper, and grow, systems must be put in place. *Fixing and Flipping Real Estate: Strategies for the Post-Boom Era* is a book that breaks down the four essential components of a fix-and-flip business, giving you the building blocks to efficiently buy and sell 1 to 20 properties a month in today's post-boom era housing market. You'll learn about each of the boxes: Acquisition—How to find and buy a profitable real estate deal. Rehabbing—How to systematically remodel a house and how not to underimprove, or overimprove, your property. Sales—How to sell your flip for the highest possible price in the shortest possible time. Raising Capital—How to get the capital you need to grow your business, including using other people's money, for your real estate deals without getting sued or going to jail. In the post-real estate boom era, fixing and flipping is again a solid business--especially in the "sand" states—Arizona, California, Nevada, Texas, and Florida, among others. It's also a good bet in states as diverse as North Carolina and Washington State. And with the real estate market projected to bottom out nationally in 2012 (this time for real), there are plenty of houses to be renovated and plenty of money to be made by the enterprising in all fifty states. This book shows real estate investors everything they need to know to get started fixing and reselling houses either as a substantial sideline or a full-on business.

Getting Started in Real Estate Day Trading Larry Goins 2009-03-23 Real estate day trading is using the Internet to buy and sell houses without leaving home. In many cases, the investor closes on a house and resells it the same day. Readers will learn the author's system for how to buy and sell 5-10 houses a month in today's market, using the Internet, phone, fax, and email to analyze, research, and find the properties, buyers, and others needed for the transaction. Author Larry Goins has personally done deals in nine different states and has students in the US, Canada, Australia, New Zealand, Japan, China, Israel, the Philippines, and Denmark. Day trading can be used for wholesaling properties to other investors, retailing, lease options, short sales, foreclosure investing, etc. The basic steps are: Search online for potential properties to make offers on, using specific techniques for finding the right ones. Once an offer is accepted, usually within 1-2 weeks, put it on paper using clauses included in the book, and get the property inspected by a rehab contractor to get a free estimate of how much the repairs will cost. This is done by finding reputable contractors online and through referrals from realtors and through autoresponders. Order an appraisal. Sell it fast! Using the buyers list you have built on the internet through email marketing groups, social networking sites, blogs, free classified sites, bank-owned property sites, and more, send an email with the details of the property and instructions on how they can get the property under contract. Usually within two hours several potential buyers will reply. Set up a closing to buy it and to sell it on the same day; closings are about 30 minutes apart. Buy it at 10:00 and sell it at 10:30, for example. There are many ways to fund and close on the property. The book will contain step-by-step, easy processes for assignments, options, flex options, simultaneous closings, using hard money, private money, cash partners, and credit partners, none of which will require an investor's own cash or credit. With praise from New York Times Bestselling Author Dr. Albert Lowery, Robert Shemin, Frank McKinney and foreword by Michael E. Gerber. Larry Goins (Lake Wylie, SC; www.larrygoins.com) is one of the real estate industry's most popular speakers. He buys and sells 5-15 houses a month all over the US, in today's difficult market, from the comfort of his office. Larry speaks live an average of twice a week and holds two to three teleconferences a week. He is licensed as a mortgage lender, mortgage broker, real estate broker, and general contractor in North and South Carolina. Larry served as President (2003 & 2004) of the Metrolina Real Estate Investors Association in Charlotte, NC, a not-for-profit organization that has over 350 members (it is also the local chapter of the National Real Estate Investors Association).
