Nowhere Girl Cheryl Diamond 2021-06-15 By the age of nine, I will have lived in more than a dozen countries, on five continents, under six assumed identities. I'll know how a document is forged, how to withstand an interrogation, and most important, how to disappear . . . To the young Cheryl Diamond, life felt like one big adventure, whether she was hurtling down the Himalayas in a rickety car or mingling with underworld fixers. Her family appeared to be an unbreakable gang of five. One day they were in Australia, the next in South Africa, the pattern repeating as they crossed continents, changed identities, and erased their pasts. What Diamond didn't yet know was that she was born into a family of outlaws fleeing from the highest international law enforcement agencies, a family with secrets that would eventually catch up to all of them. By the time she was in her teens, Diamond had lived dozens of lives and lies, but as she grew older, love and trust turned to fear and violence, and her family—the only people she had in the world—began to unravel. She started to realize that her life itself might be a big con, and the people she loved, the most dangerous of all. With no way out and her identity burned so often that she had no proof she even existed, all that was left was a girl from nowhere. Surviving would require her to escape, and to do so Diamond would have to unlearn all the rules she grew up with. Wild, heartbreaking, and often unexpectedly funny, Nowhere Girl is an impossible-to-believe true story of self-discovery and triumph.

Ugly Constance Briscoe 2008-11-13 'I handed my school photograph to my mother. She stared from the photograph to me. "Lord, sweet Lord, how come she so ugly. Ugly. Ugly.'" Regularly beaten and starved, the child was so desperate she took herself off

to Social Services and tried to get taken into care. When Constance was thirteen, her mother simply moved out, leaving her daughter to fend for herself: there was no gas, no electricity and no food. But somehow Constance found the courage to survive her terrible start in life. This is her heartbreaking - and ultimately triumphant story.

The Last Orphan Rex Wade 2019-03 The truth is that I never did know my mother - my mum - and now I don't even know what happened to her after she had left us, what became of her - even whether she is now alive or dead. She gave life to me and, not long after, she went away. I was probably three when I last saw her. My dad died soon after. And then it was just me and my two brothers Kevin and Brucie left to fend for ourselves in a big bad world. We didn't - and couldn't - possibly know then, as defenceless little kids, just how big, and just how bad it was. But we were about to find out. So begins a life-long journey for Rex, who at the age of 11 left the children's home in Cornwall along with his brother, and travelled to Australia on the promise of a better life. It was the early 1970s and the two boys were believed to be the last orphans to be transported under the Child Migrants Programme, which began in the 1930s and was thought to have ended by 1967. They would soon find out just how much harder their already tough upbringing was about to get. For the first time ever Rex, the survivor, will tell his story of childhood innocence, unforgivable abuse at the hands of the people who were meant to care for them, and his long journey back to England to seek the truth of what really happened to his mother, and why he was sent away in the first place.

Still Standing Jessica Quinn 2021-09-14 Jess Quinn is, in her own words, quite literally a walking miracle. Her body has been completely restructured so that she could survive an aggressive cancer. Jess's leg was amputated just before her ninth birthday, and she has had to adapt to living with a prosthetic leg.

The challenges Jess has faced ever since have given her a unique outlook. Growing up, she felt alone in her difference, but she has learnt that the one thing people have in common is that we are all different. She is on a mission to normalise 'different', speaking out on social media, creating diversity through her work as a model and helping people see we have a choice over how we respond to hardship. This is a story of body acceptance, finding ways to live through life's adversities, and perseverance. Jess's inspirational 'you've got this' attitude has seen her through every struggle she's faced. Her philosophy embraces the fact that none of us gets to keep the body we were born in; we all bear scars that become part of our stories. She's learnt to change the narrative and be grateful for what she can do, rather than focusing on the things she can't.

Throughout the country abject poverty is commonplace, Jeremiah a framework knitter from Sutton-in-Ashfield, fights to protect his livelihood. A nationwide rising is planned and Jeremiah starts upon a journey he hopes will change his life. The story aims to give a more humane side to those slandered by the history books and show how the establishment in the most questionable way possible, blocked the rights we now take for granted. History appears to tarnish those who stepped beyond the boundary to fight injustice, many far closer to heroic than those we supposedly admire. I wanted to portray Jeremiah and those who marched with him, the way I see them, men who fought to free their families and those they saw suffering from a life of abject poverty. The story though fiction is based upon the actual events.
