The American People: Volume 1 Larry Kramer 2015-04-07 The long-awaited new novel by America's master playwright and activist—a radical reimagining of our history and our hopes and fears Forty years in the making, The American People embodies Larry Kramer's vision of his beloved and accursed homeland. As the founder of ACT UP and the author of Faggots and The Normal Heart, Kramer has decisively affected American lives and letters. Here, as only he can, he tells the heartbreaking and heroic story of one nation under a plague, contaminated by greed, hate, and disease yet host to transcendent acts of courage and kindness. In this magisterial novel's sweeping first volume, which runs up to the 1950s, we meet prehistoric monkeys who spread a peculiar virus, a Native American shaman whose sexual explorations mutate into occult visions, and early English settlers who live as loving same-sex couples only to fall victim to the forces of bigotry. George Washington and Alexander Hamilton revel in unexpected intimacies, and John Wilkes Booth's motives for assassinating Abraham Lincoln are thoroughly revised. In the twentieth century, the nightmare of history deepens as a religious sect conspires with eugenicists, McCarthyites, and Ivy Leaguers to exterminate homosexuals, and the AIDS virus begins to spread. Against all this, Kramer sets the tender story of a middle-class family outside Washington, D.C., trying to get along in the darkest of times. The American People is a work of ribald satire, prophetic anger, and dazzling imagination. It is an encyclopedic indictment written with outrageous love.

Being Dad 2016-03-03 Fatherhood is in a state of flux. Gone are the simplistic gender roles of yesteryear, the clear divisions between mothers and fathers. More dads than ever before are staying home to be full-time parents to their children; those that work often find themselves part of a working partnership, their kids spending as much time with childminders and nannies as they do with their parents. In *Being Dad*, sixteen contemporary writers - all fathers themselves - explore the highs and lows of fatherhood through fifteen new short stories. From protective instincts gone awry to the ghosts of our fathers haunting every parenting decision, these stories shine a light on what it means to be a father in the twenty-first century. Featuring new stories by: Toby Litt, Nikesh Shukla, Dan Rhodes, Courttia Newland, Nicholas Royle, Dan Powell, Rodge Glass, R.J. Price, Tim Sykes, Lander Hawes, Andrew McDonnell, Iain Robinson, Richard W. Strachan, Richard V. Hirst and Samuel Wright.

The Tenants of Malory Volume 1 of 3 Joseph Sheridan Le Fanu There were tenants at last in Malory; and the curiosity of the honest residents of Cardyllian, the small and antique town close by, was at once piqued and mortified by the unaccountable reserve of these people. For four years, except from one twisted chimney in the far corner of the old house, no smoke had risen from its flues. Tufts of grass had grown up between the paving-stones of the silent stable-yard, grass had crept over the dark avenue, which, making a curve near the gate, is soon lost among the sombre trees that throw a perpetual shadow upon it; the groves of nettles had spread and thickened among their trunks; and in the signs of neglect and decay, the monastic old place grew more than ever triste. The pretty little Welsh town of Cardyllian stands near the shingle of a broad estuary, beyond which tower the noble Cambrian mountains. High and dim, tier above tier, undulating hills, broken by misty glens, and clothed with woods, rise from the opposite shore, and are backed, range behind range, by the dim outlines of Alpine peaks and slopes, and flanked by purple and gold-tinted headlands, rising dome-like from the sea.
